

B 50 W BP R55

Powerful on the outside, clever on the inside.

The B 50 W sets new standards, with its reworked design and new power units ensuring impeccable cleaning results over an area of up to 18,200 square feet. The machine can be powered by a choice of AGM or Lithium batteries. Easy to operate, quiet and efficient, the B 50 W is the perfect companion for real pros. The parabolic squeegee ensures perfect suction, even on uneven surfaces and in tight turns.

Smartphone and machine are digitally connected

- Retrieve machine-specific information and use advanced settings to manage important cleaning parameters.
- Keep track of important information about the machine's operation, such as remaining runtime or battery status.

Scrubbing made easy

- Made of durable die-cast aluminium the squeegee provides sufficient weight to generate an optimally high contact pressure on various types of squeegee blades.
